## MUNICIPAL BY-LAWS.

#### THE CORPORATION OF THE DISTRICT OF SAANICH.

## By-LAW No. 803.

A By-law to provide for the Deepening of Tod Creek in the District of Saanich and for Borrowing on the Credit of the Municipality the Sum of \$3,408.54 for completing the Same.

Provisionally adopted the fourteenth day of October, 1947.

WHEREAS a majority in number and value of the owners, as shown by the last revised assessment roll of the property hereinafter set forth to be benefited by the deepening have petitioned the Council of the said Corporation of the District of Saanieh, praying that the said Tod Creek be deepened.

And whereas thereupon the said Council procured an examination to be made by Frederick Butterfield, being a person competent for such purpose, of the said creek proposed to be deepened, and has also produced plans and estimates of the work to be made by the said Frederick Butterfield, and an assessment to be made by him of the lands to be benefited by such deepening, stating as nearly as he can the proportion of benefit which, in his opinion, will be derived in consequence of such deepening by every lot, or portion of lot, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed

and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described, and the report of the said Frederick Butterfield in respect thereof and of the said deepening, being as follows:—

"323-5 Scollard Building, Victoria, B.C. August 16th, 1947.

"Municipal Clerk, Corporation of the District of Saanich, Royal Oak, B.C.

"Re: Tod Creek.

## "Dear Sir:

"Under date November 3rd, 1944, the writer received instructions to make an examination and survey of Tod Creek in accordance with provisions contained in the Municipal Act. "I now submit plans and report, and in doing so regret that, due to circumstances beyond our control, there has been so much delay.

"The following plans accompany this report:

- "(a.) One tracing of plan of area in vicinity of Tod Creek, from Prospect Lake northerly to Section 122, Lake District. This plan shows in green the flooded areas at high water, and in blue, the location of Tod Creek and other water courses, and in red traverse lines of surveys made.
- "(b.) Negative of profile of Tod Creek from Station 0-00 to 120-00, with typical cross sections required shown below. The broken line denotes present Creek Bank profile, and the solid line denotes the present ditch bottom profile.
- "Due to changes in ownership and titles in certain instances, it has been necessary to make alterations to the plan and profile as originally prepared.
- "While the profile extends northerly from Station 0-00 (Hartland Road) some work is necessary in cleaning, ditch trimming and fencing south of this point. A profile of this portion is not a necessary preliminary to this section of the work.
- "Cost has been estimated to cover brushing, burning, excavating and fencing both sides (where necessary).
- "It is suggested the Municipality should obtain easements for ditch and fence maintenance, the latter being essentially needed to guard against stock damaging the ditch formation.

The total cost is estimated at		\$7.329.18
